- 1 Unlock the cabinet and the machine using the codes you received after booking. 
- 2 Unplug the power plug. Hold the plug, not the cable. Remember to put the rubber cap on the plug before use. 
- 3 Roll the machine onto your booked court. Bring balls and the two ball pickers. Place the machine on the baseline. 
- 4 Turn the lid upside down and fill it with tennis balls. 
- 5 Turn on the machine and set the knob to INTERNAL (left). 
- 6 Open the app and connect to BLUETOOTH in the app. (Download the app if you haven't done so.) 
- 7 Choose manual control or QUICK DRILLS (pre-programmed drills). 
- 8 If you prefer to operate the machine using the display only, you can do that as well. Turn on the machine, select the different menus, and start and pause using the FEEDER button. 
- 9 Never fill balls into the machine while the wheels are running. Press pause first. Never stand in front of the machine while it is shooting balls – they can come extremely fast.  **NEVER STAND IN FRONT OF THE MACHINE!**

Then lock the machine and the cabinet with the locks.  **Set knob to the MIDDLE**  **Empty the machine**  **Turn the lid over**  **Return with balls & pickers**  **Lock machine and cabinet**
- 11 Always charge the machine after use. Plug in the charger so that the battery is ready for the next time.
